

ABDINASIR OSMAN

SOFTWARE DEVELOPER

Nairobi, Kenya | +254 722 242 664 | aj07256768@gmail.com | linkedin.com/in/abdinahir-osman-dev/

PROFESSIONAL SUMMARY

Dedicated and adaptable **Software Developer** with comprehensive full-stack training from Moringa School, specializing in backend development using **Flask** and **RESTful APIs**. Proven track record in leading software engineering teams as well as contributing effectively as a collaborative team member. Skilled in designing scalable web services, database architecture, version control, and modern frontend integration. Adept at translating complex requirements into reliable, maintainable software solutions.

TECHNICAL SKILLS

Backend Development	Flask, RESTful API
Programming Languages	Python, JavaScript (ES6+), HTML5, CSS3
Frontend Frameworks	React.js, Bootstrap, Tailwind CSS
Databases	PostgreSQL, SQLite, MongoDB
Tools & Methodologies	Git, GitHub, VS Code, Postman, Agile/Scrum, Code Reviews

PROJECT & LEADERSHIP EXPERIENCE

Software Development Team Lead — Moringa School Capstone Project 2025 – 2026

- Led a team of software developers from initial concept to deployment of a full-stack web application.
- Architected robust backend API architecture using **Flask** and **RESTful API** design principles.
- Managed Agile sprint workflows, backlog prioritization, and daily stand-ups to drive project delivery.
- Enforced code quality through systematic code reviews, pull requests, and Git branching strategies.
- Authored technical API documentation and delivered capstone project presentations to evaluators.

Software Developer / Team Member — Moringa School Collaborative Projects 2024 – 2025

- Collaborated with team members to develop and integrate frontend components with Flask API services.
- Engineered RESTful API routes and optimized query execution for dynamic data retrieval.
- Participated actively in pair programming, continuous integration, and team debugging sessions.

EDUCATION

Certificate in Software Engineering — Moringa School	Completed 2026
Kenya Certificate of Secondary Education (KCSE) — Secondary School	Completed 2024
Kenya Certificate of Primary Education (KCPE) — Primary School	Completed 2020

CORE COMPETENCIES

- RESTful API & Flask Development:** Specialized in building modular backend services, routing, and database integrations.
- Team Leadership & Collaboration:** Experienced in leading sprints, delegating responsibilities, and working as an active contributor.
- Problem-Solving & Clean Code:** Dedicated to writing maintainable, readable, and well-tested code.
