Portfolio: portofolio-nine-beta-33.vercel.app

PROFESSIONAL SUMMARY

Fullstack developer trained at Moringa School, with hands-on experience building web applications using JavaScript, React, Python Flask, and PostgreSQL. Led a team of four developers on a civic reporting app and have experience working with the Claude API. Seeking an internship or junior role to apply my technical skills, collaborate in a team, and keep growing as an engineer.

PROJECTS

Jiseeti – Civic Issue Reporting Platform | *Team Lead* Live demo

- Led a team of 4 developers to build a web platform for reporting civic issues, used by 100+ users with 20+ reports submitted
- Designed the project architecture and custom Flask backend, and built the user authentication

Azam Homes – Real Estate Listings Platform | *Solo Fullstack Developer* Live demo

- Built the full application alone: React frontend and Flask + PostgreSQL backend with JWT authentication
- Implemented role-based access (manager and admin) and an approval workflow where admins review listings before they go public

Recipe Swap Hub – Recipe Sharing Platform | *Frontend Developer* Live demo

- Built the frontend, focusing on the public pages, for a platform where users post recipes and save favorites

EDUCATION

Moringa School, Nairobi, Kenya Feb 2026 – Sep 2026

Fullstack Development Program

- Covered JavaScript, React, Python Flask, and PostgreSQL
- Built fullstack projects and worked in team environments
- **Relevant coursework:** Database Design, RESTful API Design, Data Structures

Mandera Secondary School 2021 – 2024

Daua Primary School 2012 – 2020

TECHNICAL SKILLS

- **Languages:** JavaScript, Python, SQL, HTML, CSS
- **Frontend:** React, Tailwind CSS
- **Backend:** Flask, REST APIs
- **Database:** PostgreSQL, dbdiagram.io (database relationship modeling)
- **Design:** Figma (UI/UX design and prototyping)
- **Tools:** Git, GitHub

PROFESSIONAL SKILLS

- Team leadership: led a team of four developers
- Collaboration and communication in agile-style teams
- Problem-solving and debugging
- Self-directed learning and adaptability
- Time management and meeting deadlines
